

ROOFS ***THAT COVER*** ***EVERY JOURNEY***

Fixed & sliding versions.

3 ROOF SOLUTIONS
FOR EVERY NEED.

THE ROOFS SPECIALISTS

Autocar roof systems stem from over 60 years of experience and industry know-how, combining reliability, functionality, and quality.

Designed to ensure protection, efficiency, and long-lasting performance, they have successfully passed resistance tests with applied loads and rough road tests.

OUR PRODUCTS RANGE

→ Topline 2	SLIDING ROOF
→ NS 2	ADJUSTABLE SLIDING ROOF
→ Fix 4	ADJUSTABLE ROOF

WHY CHOOSE AUTOCAR ROOFS

A complete range of sliding, fixed, and adjustable roof systems, composed of beams, crossbeams, and components made of high-strength materials. Autocar roof systems are designed to simplify assembly and optimize outfitting times. Thanks to the combination of rollers and lifting springs, they offer fast, smooth, and secure opening and closing.
